

# THE BATTLE OF THE SOMME

## INSTRUCTIONS

### Insert the CD

Remove the CD from the packaging and place it in your computer's disc drive. Be sure to handle the CD carefully by holding it at the edges with your fingertips in order to avoid damaging it.

---

### Run the Media

Once you have inserted the CD into the drive, an autoplay menu will appear on your screen. Select "Open to view files or folders" and click "Okay".

This will open up a window where you should see an item names "The Battle of the Somme". Simply double-click this and the product will run.

---

### Copy the Multimedia Resource to your computer (Optional)

Should you decide that you want to copy the product on to your computer's hard drive, simply follow the previous steps but right click and copy the file titled "The Battle of the Somme". Then right click and paste it in the location where you would like it saved.

Running the file from this location will work exactly the same as running it from the CD.

---

If the product fails to launch, you may need to download or update your flash player. To do this go to the following website in a web browser of your choice:
